IN-SCHOOL PROGRAM

PARTNERS WITH

INNOVATIVE CONCEPT ACADEMY

The Gateway PGA Foundation is proud to announce the expansion of the In-School Program. The Foundation has partnered with the Innovative Concept Academy. This academy is the first of its kind in the country. This school takes in youth who have been expelled from the public school system and/or are currently facing obstacles in their lives.

The school has reached out to the Gateway PGA Foundation with a unique opportunity; however it is not for every professional. The in-school program will.....

- Utilize the section professionals and expose these troubled youth to a new game.
- Professionals will teach the game of golf while providing an example for individuals that desperately need positive reinforcement.
- Professionals will provide a two-week introduction to golf. You may choose as many time slots as you wish between March 15th to March 25th.

The Gateway PGA Foundation will reward each professional with MSR Credits or the payment of \$50/hour session.
